

ALL ARE WELCOME!

We welcome you and your children and want you all to feel comfortable in God's home. Here are some suggestions to help your family have the best possible experience at Mass:

LOCATION

Sit where your children can see what is happening. We love to see children towards the front!

PARTICIPATE AND EXPLAIN

Set an example by participating yourself. Take time to explain what happens at Mass before or after the liturgy.

RELAX & TAKE A BREAK

God created children with wiggle and movement. They are still learning how to be still during Mass. We are glad they are here! If you do need to step out, we understand...but please know that you are encouraged to return when you feel ready!

BUILD COMMUNITY

Youth grow best in faith when friendship is part of the equation. Check out our parish bulletin for opportunities to get more involved in our community!

To all the members of our parish, please assist us in creating and maintaining a patient, understanding, and welcoming parish home for the children and parents in our community. A smile, wave, or kind word can go a long way!
