### Living Discipleship III:

#### Christian Initiation with Older Children

This mini-workshop will explore the “Christian Initiation of Children who have reached Catechetical Age”, Part II of the *Rite of Christian Initiation of Adults*. Crucial to the adaptation of this rite is the understanding that implementation is incorporating children into one catechumenate, one assembly, one Body of Christ rather than separating the children.

Using Divine Pedagogy, the four periods of the catechumenate will be reviewed through the lens of the spirituality of children, family, community, liturgical year, discernment and role of the rituals of the catechumenate.

Resources and implementation ideas will be shared with the RCIA team members present. Bring your *Rite of Christian Initiation of Adults* with you to this informative evening session.

Who should attend:  
RCIA Coordinators/Teams,  
Pastors, Deacons, and
